

FORM G

BUY AMERICA CERTIFICATION

(To be signed by authorized signatory(ies) of Proposer)

The undersigned certifies on behalf of itself and all proposed subcontractors that only domestic steel and iron will be used in the Transform 66 P3 Project (the “Project”).

- A. To be considered domestic, all steel and iron used and all products manufactured from steel and iron must be produced in the United States and all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes which protect or enhance the value of the material to which the coating is applied.
- B. A false certification is a criminal act in violation of 18 U.S.C. 1001. Should this Comprehensive Agreement be investigated, Proposer has the burden of proof to establish that it is in compliance.
- C. At Proposer’s request, the Department may, but is not obligated to, seek a waiver of Buy America requirements if grounds for the waiver exist. However, Proposer certifies that it will comply with the applicable Buy America requirements if a waiver of those requirements is not available or not pursued by the Department.
