

**FORM G**

**BUY AMERICA CERTIFICATION**

**(To be signed by authorized signatory(ies) of Proposer)**

The undersigned certifies on behalf of itself and all proposed subcontractors that only domestic steel and iron will be used in the Transform 66 P3 Project (the “Project”).

- A. To be considered domestic, all steel and iron used and all products manufactured from steel and iron must be produced in the United States and all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes which protect or enhance the value of the material to which the coating is applied.
- B. A false certification is a criminal act in violation of 18 U.S.C. 1001. Should this Comprehensive Agreement be investigated, Proposer has the burden of proof to establish that it is in compliance.
- C. At Proposer’s request, the Department may, but is not obligated to, seek a waiver of Buy America requirements if grounds for the waiver exist. However, Proposer certifies that it will comply with the applicable Buy America requirements if a waiver of those requirements is not available or not pursued by the Department.
